## Preparation Instructions

Thank you for being a part of this interactive Passover Seder Meal. We hope that it is very meaningful for you and your family. Below are the things that you will need to do to prepare for the meal. Your kit has most of the elements that you will need, but you may need to purchase a few things as indicated. You will also need to be sure that you have the table set with all the supplies handy. I encourage you to prepare ahead in order to fully participate and enjoy the experience.

One other suggestion...to get a bit of context leading up to the Passover, watch the first three Bible Project videos in the Torah series... <https://bibleproject.com/explore/torah-series/>. It will take about 15 minutes to watch all three.
